

EDGE PROFILE OPTIONS

Finishing Details & Recommendations

EUROSTONE QUARTZ

Premium Surfaces

Standard Edge Profiles

- Eased Edge: Slightly rounded corners, most popular residential
- Pencil Round: Subtle rounded edge, clean modern look
- Half Bullnose: Semi-circular profile, elegant finish
- Full Bullnose: Complete rounded edge, soft comfortable feel
- Bevel: 45-degree angle, contemporary aesthetic
- Ogee: S-curve profile, traditional elegant style

Edge Finish Options

- Polished: Mirror-like finish, matches surface
- Honed: Matte finish for uniform appearance
- Custom: Consult fabricator for specialized finishes
- Note: Edge finish should match top surface finish

Application Recommendations

- Kitchen countertops: Eased or pencil round for safety and ease of cleaning
- Bathroom vanities: Half bullnose for soft elegant appearance

- Commercial bars: Waterfall edge with mitered corners
- Table tops: Full bullnose for comfort and style
- Outdoor (if applicable): Pencil round to minimize chipping

Fabrication Considerations

- Complex profiles require skilled fabrication
- Some profiles may increase material costs
- Thicker slabs (3cm) accommodate more profile options
- Consult fabricator early in design process
- Edge details should complement overall design aesthetic
